New On the Hire Fleet

Hoeflon Tracked Carriers – A WORLD FIRST – TRACKED GLASS CARRYING A FRAMES

We now have Hoeflon Tracked Carriers on our hire fleet!

These amazing radio-controlled compact crawlers have been custom built with glass carrying A Frames. Capable of carrying a 1200kg load they are perfect for moving large and heavy panels over long distances, where access is limited, and surfaces may be tricky. They also come with non-marking tracks making them great for long distance glass movement in shopping centres.

Call us for competitive hire rates on these versatile machines.

NEW

RECENT PHOTOS OF SOME OF OUR HIRE FLEET OUT ON SITE

Here is a selection of photos from customers of our Hire machines helping carry the load!
